

March 26

Dear Lee -

Just wanted to tell you I enjoyed seeing you and coming to class several Fridays ago -

I got quite sick two days later - with my weird disease - had to go on cortisone, which helped. After a week of feeling awful I decided to pack up the Kids and come down here until after Easter - see if we can't get rid of Harry's strep infection and get me a little healthier too! We've been here five days and at least we look better. That wonderful sunshine!

Fortunately, John has an uncle here (a doctor) who's willing to take us on - and were

staying at this hotel because we
can walk to his office!

But the main thing I wanted to
tell you was — the day I left
for Florida an editor (Richard
Jackson of Bradbury Press — a
division of Prentice-Hall) called.
John spoke to him — he's
interested in Iqqie's House and
wants to meet with me about it —
he told John he'd write to me
here (so far nothing) and when I
return we'll discuss it. Wouldn't
that be exciting?

So — I'll let you know. I
came home April 8 —

Best regards to Bob

Fondly,

Judy Blume
