Dear Lee -

I'm mailing this to you now -
hope you can make out all my
revisions -

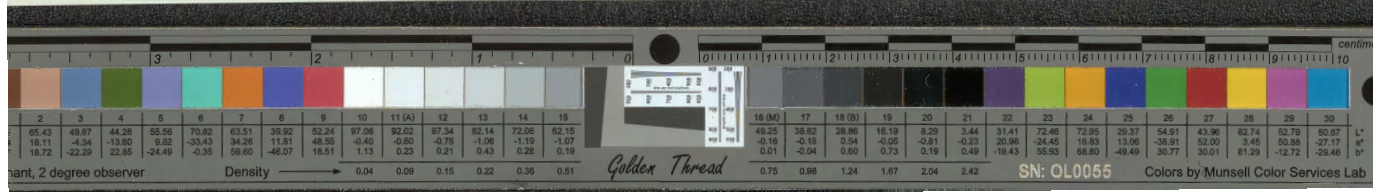

I've done this chapter again and
again - trying to get in all the
important things and still keeping
it interesting (I must confess - I
know it so well now, I can't
tell if its any good -)

I had an awful time with
a few sections - Paragraph 2 on
page one - later, the descript.
of Iggi's house -

Maybe its because its summer
or maybe because I've had the
kids home these two weeks with
summer bugs! (Maybe all first
chapters are that way!)

Anyway, I wanted you to
see it before you leave so I
can get busy on the final
copy and send it out by
Sept. 1 - thats my goal -

(over)

right off because I wanted it
to come from her mother for the
1st time

- ② I gave her daddy a hard ware
ptore to keep him local
- ③ the last HP on p. 6
I may have to fix up some
more

~~~~~  
got my Green Kangaroo back  
from Rieley and Lee after 5 mo.  
with a nice letter — will rework  
it in fall and send it out again —  
And Ethie Popper came back  
from Parents Mag. today — no letter  
or note — nothing!  
That I will send off again  
now —

Thank you for checking this over —  
have a good conference — I  
will speak to you when this  
is ready — as to where to  
submit —

Judy
